Background

The Tyson Foods Summer Community Internship Program is a partnership between Campus Compact and Tyson Foods to provide an invaluable opportunity for select college students to gain professional experience while making a positive impact in our community.

The program provides full-time college students an eight-week paid summer job to assist community organizations and gain experience with diverse social issues. In the summer of 2018, the program will provide 40 nonprofit organizations in the Chicago area, and Sioux City, Storm Lake, and Council Bluffs, Iowa with a grant of $3,000-3,500 to hire a qualified college student for the summer.
Background: Campus Compact

Campus Compact is a national coalition of 1000+ colleges and universities committed to the public purposes of higher education. Campus Compact supports institutions in fulfilling their public purposes by deepening their ability to improve community life and to educate students for civic and social responsibility.

As the largest national higher education association dedicated solely to campus-based civic engagement, we provide professional development to administrators and faculty to enable them to engage effectively, facilitate national partnerships connecting campuses with key issues in their local communities, build pilot programs to test and refine promising models in engaged teaching and scholarship, celebrate and cultivate student civic leadership, and convene higher education institutions and partners beyond higher education to share knowledge and develop collective capacity.
Background: Tyson

Tyson Foods is underwriting this Program to help young adults realize their potential while making a difference in our community. To that end, we have partnered with Campus Compact to oversee and administer the Program.

Our combined efforts will ensure that nonprofits and college applicants have a productive and meaningful experience.
